PRODUCT DESCRIPTION

Designer: Pamio Design

Fabbian Cubetto Suspension

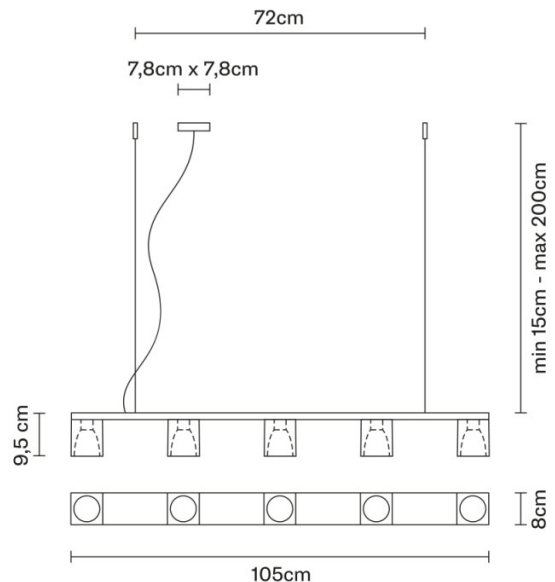

The Fabbian Cubetto Suspension is an evolution of the [Cubetto Pendant](#) and features five glass diffusers along a linear structure. Cubetto produces a functional and directed downlight that makes it perfect for use above kitchen islands, dining tables, workspaces, reception desks and restaurant or cafe counters.

Pamio Design Studio wanted to create lighting solutions that resembled ice cubes, the "most important natural element". For this reason, the studio utilised crystal glass and metal detailing to produce sleek geometric lamps that create direct illumination, perfect as task lighting. Available in three sleek and minimalistic finishes with chrome detailing this suspension light can easily adapt to a range of stylish contemporary interiors, choose between black, white and crystal glass.
