PRODUCT DESCRIPTION

Designer: Manuel Vivian

Aura 60/2 Suspension by Axolight

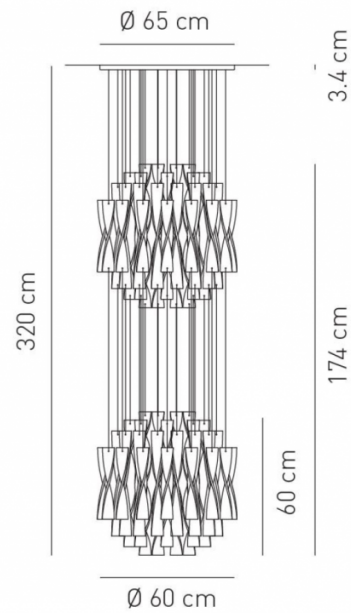

The light collection was created by prominent designer Manuel Vivian for Italian manufacturer Axolight. The Aura 60/2 is a double suspension light, a stunning light for both residential and commercial environments, as well as in hospitality. The double suspension creates a stunning sparkle and reflects the light, especially in rooms and spaces with high ceilings.

Aura lights are made of Murano glass, hand-made from production to finish. The Murano glassmakers use traditional techniques to create each individual piece, making them unique and no one is similar to another. Aura 60/2 is available with a chrome ceiling canopy, while the glass is available in four finish options: white, red, tea or 'rigadin' crystal.

The [Aura Collection](#) is comprised of a series of suspensions/chandeliers, ceiling and wall lights all with the characteristic twisted glass pieces.
