Diana Floor Lamp by Santa & Cole

After the success of the table lamps, the designers brought us the floor version of the [Diana lights](#). The Santa & Cole floor lamp retains the same grace as the table lamp, with a metal base and body available in a shiny gold or satin nickel finish. The Diana floor lamp is complete with a round, slightly tapered linen lampshade in a black or white colour. Available in two sizes, the smaller Diana and the larger, Diana Mayor, the floor light is equipped with two retrofit bulbs, which provide an even ambience with no shadows.

The Diana floor light is timeless, with a modern design that brings a classic air into any interior. Mix and match the metal finish with the black or white shades, to match with your décor. The smaller lamp, Diana, comes with a translucent white parchment upper diffuser for the white shade, and a stone parchment upper diffuser for the black shade. Diana Mayor does not have an upper diffuser.
