Santa & Cole TMD Floor Lamp

The Santa & Cole TMD Floor Lamp was designed by Miguel Mila and combines the best features of two iconic Santa & Cole pieces: the TMM and the Diana. This lamp boasts a metallic structure which is supported by a circular metal base, and a high-quality white linen shade which resembles a sail hoisted on a mast. Designer Miguel Milas designed this lamp for TRAMO, his own company, which he founded to produce and distribute his work in post-war Spain.

The drum-shaped lamp shade of the TMD Floor Lamp is height-adjustable via a rubber band stopper, allowing you the ability to personalise the ambience in your space. Different heights of the linen diffuser will result in different lighting outputs. The light source also hosts an integrated on/off switch in the form of the electrical cable, by pulling gently on the cable that exits the shade you can turn this floor lamp on or off.
