PRODUCT DESCRIPTION

Designer: Lagranja Design

Uto Outdoor Pendant Light by Foscarini

Please note, the Uto Outdoor can be installed in indoor spaces.

The Uto outdoor pendant was created by Lagranja Design in 2005. Made from a soft and flexible rubber material, this pendant is a very playful and vibrant light that is made for outdoor spaces. The light is characterised by its streamlined silhouette, with clean lines and a coned diffuser that directs the light downwards and provides a glare-free glow.

This pendant light is available in 3 fun finishes, orange, yellow or white, adding a bright colour to your exterior. Suitable for gardens, patios, terraces and more, the Uto outdoor pendant light can be used alone or in multiple to provide a much needed glow as the sky gets darker. You can also enjoy the [Uto pendant](#) indoors, to bring a fresh and pleasant touch to your interior.
