Kartell

Kartell Bloom S1 Suspension.

If you like the idea of having a floral arrangement above the table, the Bloom family is the light for you! With its distinctive original structure covered by sparkling polycarbonate flowers as pure and precious as crystal.

As delicate as a spring bouquet, the Bloom Suspension offers a new and sophisticated multicoloured nuances in lavender and mint or an elegant transparent white monochrome (crystal). A series of little lights located on the internal frame beams light shafts through the petals to retract on their faceted surfaces and multiply in a thousand reflections.

This product requires on site assembly.

Lamps included: 6x 33watt G9 Halogen

We currently have some of these items in our sale. Please visit our "[Sale](#)" section for more information.
