PRODUCT DESCRIPTION

Designer: Prospero Rasulo

Fabbian Bijou Wall Light

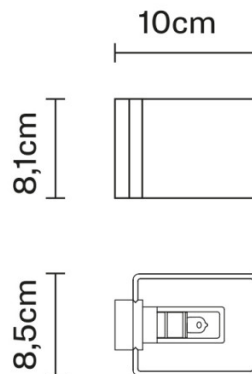

The Fabbian Bijou LED Wall Light is a minimalistic contemporary lighting solution designed by Prospero Rasulo, who found the inspiration behind the design in nature and his interest in gentle shapes. Bijou is available in three monochrome colour variants (Black, White or Chrome) and is crafted from solid metal, expertly combining functionality and durability with a sleek aesthetic. Not only does the wall light add a sophisticated feel to your space, it also produces beautiful lighting patterns across your wall thanks to both the up and down light it produces, the number of Bijou Wall Lights you decide to display will determine the size of your lighting effect.

The Bijou Wall Light is rated IP44, protecting it in damp and exterior settings and providing you with even more display options for this compact lighting solution. Install the Bijou in kitchens, hallways, along staircases and even on patios and decking areas. It can also be a fantastic addition to commercial spaces such as restaurants, bars and hotels.
