PRODUCT DESCRIPTION

Designer: Achille Castiglioni & Pier Giacomo Castiglioni

Viscontea Pendant Light by Flos

The Viscontea pendant light originally created by design duo Pier Giacomo and Achille Castiglioni in 1960 was re-released by Flos in 2005. Part of the Cocoon range by Flos, including the [Taraxacum](#), the Viscontea suspension is created from the same white powder coated internal steel structure, sprayed with a unique cocoon resin to create the diffuser which is then protected by a transparent sprayed-on finish.

The striking Viscontea pendant is unconventional and mysterious and provides a subtle and diffused light creating a relaxed atmosphere. This oversized light is ideal for large spaces in the hotel, hospitality, leisure and education industries, and also suits larger residential spaces.
