PRODUCT DESCRIPTION

Designer: Joe Colombo

Oluce Coupe 3321 Floor Lamp

Oluce Coupe 3321 Floor Lamp was designed by Joe Colombo in 1967. Colombo won the "International Design Award" of the American Institute of Interior Designers in Chicago in 1968 for the Coupé 3321 Floor Lamp and is now part of the permanent collection at both the MoMA in New York and the "Neue Sammlung" Museum in Munich. The head of the lamp can move up, down and sideways due to an ingenious and effective mechanism that connects the stem to the head which makes it possible to direct the light beam in several different directions.

The Coupe 3321 floor lamp is created from a lacquered metal base, chromium-plated stem, and adjustable reflector in lacquered aluminium and is available in two versions: a semi-cylindrical or a semi-spherical dome. The lamp is available in a black chrome-plated metal which can be featured in both a residential and commercial setting.

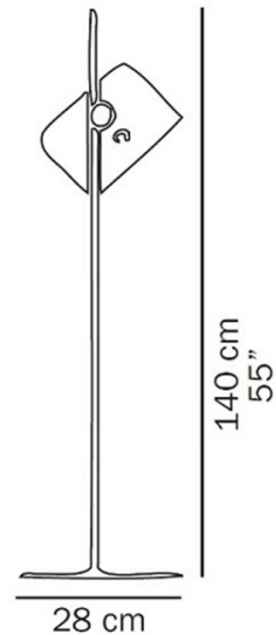

PRODUCT SPECIFICATION

Light Source: 1x Max 100W, E27 (excluded)

IP Code: 20

Dimming: In line on/off switch included on cable.

Dimensions: Height: 140cm
Base diameter: 28cm
