PRODUCT DESCRIPTION

Designer: Bruno Rainaldi

Terzani Orten'zia Suspension

Inspired by the beauty of a flower and named after the Italian word for hydrangeas, the Terzani Orten'zia Pendant Light was designed by Bruno Rainaldi. This unique and elegant lighting solution consists of numerous hand-soldered petals that are crafted from metal and formed in clover-leaved patterns. When suspended the Orten'zia Pendant generates a similar effect to that of a disco ball, broadcasting unique and decorative lighting effects whilst also providing your interior with cosy ambient illumination.

A fascinating luminaire that adds a luxurious charm to living rooms, dining spaces, kitchens and entryways, the Terzani Orten'zia is available in either a nickel or gold finish and can be installed individually or in clusters. Display it alone or alongside the [Terzani Orten'zia Table Lamp](#) to create a cohesive interior.
